Dear Mr. Hodson:

Re: Barneys Canyon Waste Dump Revegetation Standard, Kennecott Corporation, Barneys Canyon Mine, M/035/009, Salt Lake County, Utah

Thank you for your July 19, 1993, letter concerning the outstanding issue of establishing a revegetation standard for the Melco waste dumps and the access/haul road cut and fill slopes. Given the nature and circumstances of the work performed by Kennecott and its consultants thus far, and the proposed waste dump slope changes, we agree to discuss this issue further with you on August 4, 1993, at 3:30 p.m. in our Triad office.

Should you have any questions or have a scheduling conflict, please let us know at your earliest convenience.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
